

October 18, 2013

In our ongoing efforts to be more sustainable, we made the decision to incorporate Pallet Wrapz for our deliveries. They are lightweight, durable and easy to use, while providing a professional appearance. The Pallet Wrapz are reusable, easy to clean and have given us a significant savings on stretch film, labor costs and disposal fees. They provide more stability during shipments, helping to reduce potential damage. We feel good knowing that we are eliminating several tons of stretch film waste being transferred to US landfills. This adds to our sustainability by lowering our overall carbon footprint.

We are very excited about partnering with Pallet Wrapz. We are pleased with the cost savings and waste reduction which has fulfilled our ongoing commitment to the green initiative.

A handwritten signature in black ink, appearing to be "Bob Bates", with a long, sweeping underline that extends to the right.
